TITLE	The College Handbook Index of Majors.
INSTITUTION	College Entrance Examination Board, New York, N.Y.
PUB DATE	77
NOTE	598p.
AVAILABLE FROM	College Board Publication Orders, Box 2815, Princeton, NJ 08540 ($6.95)
EDRS PRICE	MF-$1.16 Plus Postage. HC Not Available from EDRS.
DESCRIPTORS	Associate Degrees; Bachelors Degrees; *College Curriculum; *College Majors; *Degrees (Titles); Doctoral Degrees; *Higher Education; Indexes (Locaters); Intellectual Disciplines; Masters Degrees; National Surveys; Professional Education; *Units of Study
IDENTIFIERS	College Handbook Index of Majors; Higher Education General Information Survey

ABSTRACT

Based on data collected from colleges and universities during the 1976-77 academic year, the index is organized by major fields of study. For each of more than 350 fields of study, the colleges that report offering a major in that field are listed by state. Also shown are the levels at which the major is offered in the institution: associate, bachelor's, master's, doctorate, or first professional degree, or work beyond the first professional or doctor's degree. 2,049 institutions are included in the listing. The list of curriculum fields corresponds to that used in the U.S. Office of Education's Higher Education General Information Survey. This index is a companion volume to "The College Handbook." (MSE)

College Entrance Examination Board
New York, 1977

The College Board is a nonprofit membership organization that provides tests and other educational services for students, schools, and colleges. The membership is composed of more than 2,000 colleges, schools, school systems, and education associations. Representatives of the members serve on the Board of Trustees and advisory councils and committees that consider the Board's programs and participate in the determination of its policies and activities.

Copies of this book may be ordered from College Board Publication Orders, Box 2815, Princeton, New Jersey 08540. The price is $6.95.

Editorial inquiries concerning this book should be directed to Editorial Office, College Board, 888 Seventh Avenue, New York, New York 10019.

Contents

Introduction xi

Major fields of study 1

Agriculture and natural resources (programs having to do with the production of food and management of natural fiber, plant, forest, and wildlife resources)

General agriculture 1
Agronomy (field crops and crop management) 3
Soils science (management and conservation) 4
Animal science (husbandry) 5
Dairy science (husbandry) 6
Poultry science 7
Fish, game, and wildlife management 8
Horticulture (fruit and vegetable production) 9
Ornamental horticulture (floriculture, nursery science) 10
Agricultural and farm management 11
Agricultural economics 12
Agricultural business 13
Food science and technology 15
Forestry 16
Natural resources management 17
Agriculture and forestry technologies (baccalaureate and higher programs) 18
Range management 19

Architecture and environmental design (programs having to do with training for a profession in designing buildings, communities, parks, and other manmade aspects of the physiosocial environment)

General environmental design 19
Architecture 20
Interior design 21
Landscape architecture 22
Urban architecture 23
City, community, and regional planning 24

Area studies (programs designed to study cultures indigenous to specific geographic regions)

General Asian studies 25
East Asian studies 26
South Asian studies (India, for example) 26
Southeast Asian studies 27
African studies 27
Islamic studies 28
Russian and Slavic studies 28
Latin American studies 29
Middle Eastern studies 30
General European studies 31
Eastern European studies 32
West European studies 32
American studies 32
Pacific area studies 35

Biological sciences (programs related to the science of life or living matter in all its forms and phenomena, especially the origin, growth, reproduction, and structure of life forms)

General biology 35
General botany 43
Bacteriology 45
Plant pathology 46
Plant pharmacology 46
Plant physiology 47
General zoology 47
Human and animal pathology 49
Human and animal pharmacology 50
Human and animal physiology 51
Microbiology 52
Anatomy 53
Histology 54
Biochemistry 55
Biophysics 57
Molecular biology 58
Cell biology (cytology, cell physiology) 58
Marine biology 59
Biometrics and biostatistics 60
Ecology 60
Entomology 61
Genetics 62
Radiobiology 63
Scientific nutrition (excludes nutrition in home economics and dietetics) 63
Neurosciences 64
Toxicology 64
Embryology 64

Business and commerce technologies (programs associated with development of skills required for commercial, business, or secretarial occupations at the semiprofessional level)

General business and commerce technologies 65
Accounting technologies 68
Banking and finance technologies 71
Marketing, distribution, purchasing, business, and industrial management technologies 72
Secretarial technologies (includes office machines training) 75
Personal service technologies (flight attendant training and cosmetology, for example) 80
Photography technologies 81
Communications and broadcasting technologies (radio and television, newspapers) 81
Printing and lithography technologies 83
Hotel and restaurant management technologies 83
Transportation and public utility technologies 85
Applied arts, graphic arts, and fine arts technologies (includes advertising design) 85

Business and management (programs related to the organization, operation, administration, and control of private and public organizations)

General business and commerce 87
Accounting 92
Business statistics 98
Banking and finance 99
Investments and securities 101
Business management and administration 102
Operations research 108
Hotel and restaurant management 109
Marketing and purchasing 110
Transportation and public utilities 113
Real estate 114
Insurance 116
International business 117
Secretarial studies (baccalaureate and higher programs) 118
Personnel management 120
Labor and industrial relations 122
Business economics 123

Communications (programs related to collection, preparation, and presentation of ideas and information intended for popular consumption through mass media)

General communications 126
Journalism (printed media) 129
Radio and television 132
Advertising 134
Communication media (use of videotape, films, for example; oriented specifically toward radio and television) 135

Computer and information sciences (programs related to design, development, and application of computer capabilities to data storage and manipulation and related computational procedures)

General computer and information sciences 137
Information sciences and systems 140
Data processing 141
Computer programming 143
Systems analysis 144

Data processing technologies (programs specifically associated with development of skills required for data processing or related occupations at the semiprofessional level)

General data processing technologies 145
Keypunch operator and other input preparation technologies 147
Computer programmer technologies 148
Computer operator and peripheral equipment operation technologies 150
Data processing equipment maintenance technologies 151

Education (programs related to administration and control of educational organizations and institutions and subjects related to instruction and services both within and outside of such formal organizations)

General education 152
General elementary education 156
General secondary education 163
Junior high school education 168
General higher education 170
Junior and community college education 171
Adult and continuing education 172
General special education 173
Administration of special education 176
Education of the mentally retarded 177
Education of the gifted 179
Education of the deaf 180
Education of the culturally disadvantaged 181
Education of the visually handicapped 181
Speech correction 181
Education of the emotionally disturbed 183
Remedial education 184
Special learning disabilities 185
Education of the physically handicapped 186
Education of the multiple handicapped 187
Social foundations (history and philosophy of education) 188

Educational psychology (includes learning theory) . . 189
Preelementary education (kindergarten) 190
Educational statistics and research 193
Educational testing, evaluation, and measurement . . 194
Student personnel (counseling and guidance) 195
Educational administration 197
Educational supervision 200
Curriculum and instruction 201
Reading education (methodology and theory) . . . 203
Art education (methodology and theory) 205
Music education (methodology and theory) 209
Mathematics education (methodology and theory) . . 213
Science education (methodology and theory) . . . 216
Physical education 220
Driver and safety education 224
Health education (includes family life education) . . 225
Business, commerce, and distributive education . . . 227
Industrial arts, vocational, and technical education . . 230

Engineering (programs having to do with the practical application of basic scientific knowledge to the design, production, and operation of systems intended to facilitate man's control and use of his natural environment)

General engineering 232
Aerospace, aeronautical, and astronautical engineering 235
Agricultural engineering 236
Architectural engineering 237
Bioengineering and biomedical engineering 237
Chemical engineering (includes petroleum refining) . 238
Petroleum engineering (excludes petroleum refining) 240
Civil, construction, and transportation engineering . . 240
Electrical, electronics, and communications engineering 242
Mechanical engineering 244
Geological engineering 247
Geophysical engineering 247
Industrial and management engineering 247
Metallurgical engineering 249
Materials engineering 249
Ceramic engineering 250
Textile engineering 250
Mining and mineral engineering 251
Engineering physics 251
Nuclear engineering 252
Engineering mechanics 252
Environmental and sanitary engineering 253
Naval architecture and marine engineering 254
Ocean engineering 254
Engineering technologies (baccalaureate and higher programs) 255

Fine and applied arts (programs having to do with the creation and appreciation of the diverse modes of communicating ideas and emotions by means of stylized, visual and nonvisual representations and symbols)

General fine arts 256
Art (painting, drawing, sculpture) 260
Art history and appreciation 266
Music (performing, composition, theory) 269
Music (liberal arts program) 275
Music history and appreciation (musicology) 280
Dramatic arts 283
Dance 288
Applied design (ceramics, weaving, textile design, fashion design, jewelry, metalsmithing, interior decoration, commercial art) 289
Cinematography 291
Photography 292

Foreign languages (programs related to mastery of a language other than English or related to the study of a foreign culture through exploration of the literature of that culture as expressed in the vernacular language)

Foreign languages, general (includes concentration on more than one foreign language without major emphasis on one language) 293
French 295
German 301
Italian 305
Spanish 307
Russian 313
Chinese 315
Japanese 315
Latin 316
Classical Greek 318
Hebrew 319
Arabic 320
Indian (Asiatic) 320
Scandinavian languages 320
Slavic languages (other than Russian) 321
African languages (non-Semitic) 321

Health professions (programs having to do with the maintenance and restoration of physical and mental health)

General health professions 322
Hospital and health care administration 323
Nursing (baccalaureate and higher programs) . . . 324
Dentistry (D.D.S. or D.M.D. degree) 327
Medicine (M.D. degree) 328
Occupational therapy 329
Optometry 329
Osteopathic medicine (D.O. degree) 329
Pharmacy 330

Physical therapy 331
Dental hygiene (baccalaureate and higher programs) 332
Public health 333
Medical record librarianship 334
Biomedical communication 334
Veterinary medicine (D.V.M. degree) 334
Speech pathology and audiology 335
Chiropractic 336
Clinical social work (medical and psychiatric and specialized rehabilitation services) 337
Medical laboratory technologies (baccalaureate and higher programs) 337
Dental technologies (baccalaureate and higher programs) 341
Radiologic technologies (baccalaureate and higher programs) 341

Health services and paramedical technologies (programs specifically associated with development of skills required for health service-related occupations at the semi-professional level)

General health services assistant technologies 342
Dental assistant technologies 343
Dental hygiene technologies 344
Dental laboratory technologies 345
Medical or biological laboratory assistant technologies 346
Animal laboratory assistant technologies 347
Radiologic technologies (X-ray, for example) 348
Nursing, R.N. (less than 4-year program) 349
Nursing, practical (L.P.N. or L.V.N. less than 4-year program) 352
Occupational therapy technologies 354
Surgical technologies 354
Optical technologies (includes ocular care, ophthalmic, optometric technologies) 355
Medical record technologies 355
Medical assistant and medical office assistant technologies 356
Inhalation therapy technologies 358
Psychiatric technologies (includes mental health aide programs) 359
Electrodiagnostic technologies (includes E.K.G. and E.E.G.) 360
Institutional management technologies (rest home, for example) 360
Physical therapy technologies 360

Home economics (programs having to do with the theory and practice of family and home care including the science of foods, home decoration and management, and child care)

General home economics 361
Home decoration and home equipment 364
Clothing and textiles 365
Consumer economics and home management 366
Family relations and child development 367
Foods and nutrition (includes dietetics) 369
Institutional management and cafeteria management 371

Interdisciplinary studies (programs involving more than one major discipline without primary concentration in any one area)

General liberal arts and sciences 372
Biological and physical sciences 378
Humanities and social sciences 381
Engineering and other disciplines 385

Law (programs having to do with instruction in the legal customs, practices, and rules of society and states for the purpose of pursuing a career in jurisprudence)

General law 387

Letters (programs having to do with English language and literature and value systems related to ancient and modern cultures)

General English 388
English literature 396
Comparative literature 399
Classics 400
Linguistics (includes phonetics, semantics, and philology) 402
Speech, debate, and forensic science (rhetoric and public address) 404
Creative writing 407
Teaching of English as a foreign language 408
Philosophy 409
Religious studies (excludes theological professions) 414

Library science (programs having to do with instruction in the professional skills required to organize collections of books and related materials and the training necessary for providing services related to them)

General library science 418

Mathematics (programs having to do with the science of numbers and space configurations and their operations, measurement, relationships, and abstractions)

General mathematics 420
Mathematical and theoretical statistics 428
Applied mathematics 429

Mechanical and engineering technologies (programs specifically associated with development of skills required for mechanical- and engineering-related occupations at the semiprofessional level)

General mechanical and engineering technologies . . 431
Aeronautical and aviation technologies 433
Engineering graphics (tool and machine drafting and design) 434
Architectural drafting technologies 435
Chemical technologies (includes plastics) 437
Automotive technologies 438
Diesel technologies 440
Welding technologies 441
Civil technologies (surveying and photogrammetry, for example) 442
Electronics and machine technologies (television, appliance, and office machine repair, for example) 444
Electromechanical technologies 446
Industrial technologies 447
Textile technologies 448
Instrumentation technologies 448
Mechanical technologies 448
Nuclear technologies 450
Construction and building technologies (carpentry, electrical work, plumbing, sheet metal, and heating, for example) 450

Military sciences (programs having to do with techniques and skills unique to the pursuit of a professional career as a military officer)

Military science (Army) 452
Navy science (Navy, Marines) 453
Aerospace science (Air Force) 453

Natural science technologies (programs specifically associated with development of skills required for natural science-related occupations at the semiprofessional level)

General natural science technologies 453
Agriculture technologies (includes horticulture) . . . 454
Forestry and wildlife technologies (includes fisheries) 455
Food services technologies 456
Home economics technologies 457
Marine and oceanographic technologies 458
General laboratory technologies 458
Sanitation and public health inspection technologies (environmental health technologies) 458

Physical sciences (programs having to do with the basic nature of matter, energy, and associated phenomena)

General physical sciences 459
General physics (exclude biophysics) 463
Molecular physics 468
Nuclear physics 468
General chemistry (excludes biochemistry) 468
Inorganic chemistry 475
Organic chemistry 476
Physical chemistry 477
Analytical chemistry 478
Pharmaceutical chemistry 478
Astronomy 479
Astrophysics 480
Atmospheric sciences and meteorology 480
Geology 481
Geochemistry 484
Geophysics and seismology 484
General earth sciences 485
Paleontology 487
Oceanography 487
Metallurgy 487

Psychology (programs having to do with behavioral and mental processes)

General psychology 488
Experimental psychology (animal and human) . . . 496
Clinical psychology 497
Psychology for counseling 498
Social psychology 499
Psychometrics 501
Statistics in psychology 501
Industrial psychology 501
Developmental psychology 502
Physiological psychology 503

Public affairs and services (programs related to developing and improving competencies in the management and operation of governmental agencies)

General community services 503
Public administration 503
Parks and recreation management 506
Social work and helping services (other than clinical social work) 508
Law enforcement and corrections (baccalaureate and higher programs) 512
International public service (other than diplomatic service) 514

Public service-related technologies (programs specifically associated with development of skills required for public service-related occupations at the semiprofessional level)

General public service technologies 514
Bible study or religion-related occupations 515
Education technologies (teacher aide and 2-year teacher training programs) 515
Library assistant technologies 517
Police, law enforcement, corrections technologies . . 518
Recreation and social work-related technologies . . . 521
Fire control technology 522
Public administration and management technologies . 524

Social sciences (programs having to do with all aspects of the past and present activities, conduct, interactions, and organizations of humans)

General social sciences 524
Anthropology 529
Archaeology 532
Economics 533
History 538
Geography 545
Political science and government 548
Sociology 554
Criminology 561
International relations 562
Afro-American studies (black culture) 564
American Indian cultural studies 565
Mexican American cultural studies 565
Urban studies 566
Demography 568

Theology (programs related to preparation and training for a religious vocation)

General theological professions 568
General theology 568
Religious music 569
Biblical languages 570
Religious education 571

List of colleges included in this book 575

Introduction

Two of the most important factors to students deciding where to apply to college are programs of study and college location. For that reason, many students would like to be able to begin the process of choosing colleges by finding out which ones offer the particular field or fields of study that interest them and are in the locations they prefer. *The College Handbook Index of Majors* is a new source of that kind of information. Based on data collected from colleges during the 1976-77 academic year, the *Index of Majors* is organized by major fields of study. For each of more than 350 fields of study, the colleges that say they offer a major in that field are listed state by state. Also shown are the levels at which the major is offered at each institution:

associate degree (indicated by the letter *A* after the institution's name)
bachelor's degree (*B*)
master's degree (*M*)
doctor's degree (*D*)
first professional degree (*F*)
work beyond doctor's and first professional degrees (*W*)

The 2,049 colleges included in the *Index of Majors* are all the institutions that responded to an invitation to be included in the sixteenth edition of *The College Handbook*, published at the same time as the *Index of Majors*, in September 1977. There are two criteria that any college must meet to be eligible for inclusion in *The College Handbook*. The first is that the college be listed in the U.S. Office of Education's *Education Directory: Colleges and Universities*, which includes colleges accredited by a nationally recognized accrediting agency or approved by a state department of education or a state university, colleges that have attained preaccredited status with a nationally recognized accrediting agency, and colleges whose credits have been accepted as if coming from an accredited institution by at least three accredited institutions. The other criterion for inclusion in *The College Handbook* is that the college offer some undergraduate programs; institutions offering graduate-level curriculums only have been excluded. Three institutions eligible to appear in the *Handbook* are not listed in the *Education Directory* because they are located in foreign countries. They are included in the *Handbook* on the basis of their membership in the College Board.

By filling out a questionnaire for *The College Handbook*, eligible colleges supplied information about their admissions and financial aid requirements and procedures, annual expenses, student activities, and athletic programs, as well as about their major fields of study. The information about fields of study alone has been reorganized here to make it easier for students to find the names of colleges that offer the majors that interest them.

The list of curriculum fields used in both *The College Handbook* and the *Index of Majors* is the U.S. Office of Education's Higher Education General Information Survey (HEGIS) taxonomy of instructional programs. Colleges were provided with the list of fields and asked to use it to report their major fields of study, even though their own titles for some of the programs might not fit exactly the titles on the list. However, colleges could and often did add the names of other curriculums that they felt did not conform closely enough to any title on the list. These additional fields are *not* included in *The College Handbook Index of Majors* but can be found in *The College Handbook* in the individual college descriptions.

The various programs called "technologies" are generally completed in two years of college study. However, a number of colleges reported as majors associate degree programs that are like the first two years of four-year programs. These are called transfer or university-parallel programs, and students can only complete these majors by transferring to a four-year institution.

Because every institution that appears in *The College Handbook Index of Majors* has a description in *The College Handbook*, the two books are excellent companion volumes for counselors and high school students planning for college.

List of colleges included in this book

Alabama

Alabama Agricultural and Mechanical University
Alabama Christian College
Alabama Lutheran Junior College
Alabama State University
Athens State College
Auburn University
Birmingham-Southern College
Brewer State Junior College
Gadsden State Junior College
Huntingdon College
Jacksonville State University
John C. Calhoun State Community College
Judson College
Lawson State Community College
Livingston University
Marion Military Institute
Mobile College
Samford University
Southeastern Bible College
Southern Benedictine College
Southern Union State Junior College
Spring Hill College
Talladega College
Troy State University
Tuskegee Institute
University of Alabama
University of Alabama in Birmingham
University of Alabama in Huntsville
University of North Alabama
University of South Alabama

Alaska

Sheldon Jackson College
University of Alaska: Anchorage
University of Alaska: Fairbanks
University of Alaska: Juneau
University of Alaska: Ketchikan Community College

Arizona

Arizona State University
Arizona Western College
Cochise College
College of Ganado
DeVry Institute of Technology
Eastern Arizona College
Glendale Community College
Grand Canyon College
Mohave Community College
Northern Arizona University
Pima Community College
University of Arizona
Yavapai College

Arkansas

Arkansas College
Arkansas State University
Arkansas State University: Beebe Branch
Arkansas Tech University
College of the Ozarks
Crowley's Ridge College
Garland County Community College
Henderson State University
Hendrix College
John Brown University
Mississippi County Community College
Southern Arkansas University
Southern Baptist College
Southwest Technical Institute
University of Arkansas
University of Central Arkansas

California

Allan Hancock College
Ambassador College
American River College
Armstrong College
Art Center College of Design
Azusa Pacific College
Barstow College
Bauder College
Bethany Bible College
Biola College
Brooks Institute
Butte College
Cabrillo College
California Baptist College
California College of Arts and Crafts
California Institute of the Arts
California Institute of Technology
California Lutheran College
California Maritime Academy
California Polytechnic State University at San Luis Obispo
California State College at Bakersfield
California State College at Dominguez Hills
California State College at San Bernardino
California State College at Sonoma
California State College at Stanislaus
California State Polytechnic University at Pomona
California State University at Chico
California State University at Fresno
California State University at Fullerton
California State University at Hayward
California State University at Long Beach
California State University at Los Angeles
California State University at Northridge
California State University at Sacramento
Cerro Coso Community College
Chabot College
Chapman College
Christian Heritage College
Citrus College
Claremont Men's College
Cogswell College
College of Alameda
College of the Canyons
College of Notre Dame
College of the Redwoods
College of the Siskiyous
Columbia Junior College
Cosumnes River College
Deep Springs College
Dominican College of San Rafael
Don Bosco Technical Institute
D-Q University

The College Handbook Index of Majors

A completely new publication designed to help those high school students who know what programs they want to study but not which institutions offer them.

The College Handbook Index of Majors is a ready reference, containing up-to-date information about major programs of study at over 2,000 colleges that supplied detailed descriptions for the 1977 edition of *The College Handbook.*

Organized by state, here are more than 350 curriculums and the colleges that currently offer major programs in each. In addition, *The College Handbook Index of Majors* indicates the various degree levels – associate, bachelor's, master's, and doctor's – in which degrees in these majors may be earned at each institution.

And for additional, detailed information about each of these colleges,

see The Handbook

Sixteenth Edition

Susan F. Watts, editor

This all-new, easy-to-use edition is an authoritative guide to over 2,000 two-year and four-year colleges and universities in America. Containing a wealth of information provided by the institutions themselves, *The College Handbook* provides students with the latest information on enrollment major fields of study freshman and transfer admissions requirements and procedures annual expenses financial aid requirements and procedures student activities and athletics; and other related topics.

Available for $8.95 from Booksellers or by sending a check to:
